

# Viking Academy Trust

## Staff Acceptable Use Policy

The VIKING ACADEMY TRUST Staff Acceptable Use Policy has been written following advice from SWGFL.

**Approved by the Trust: Term 1 2016**

**Reviewed annually: Term 4**

**Last review date: Term 4 2018**

**Signed:**

**Chair of Trustees**

# Staff (and Volunteer) Acceptable Use Policy

## The Viking Academy Trust

### Schools in the Viking Academy Trust (VAT)

These are:

Chilton Primary School  
Ramsgate Arts Primary School  
Upton Junior School

### School Policy

New technologies have become integral to the lives of children and young people in today's society, both within schools / academies and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe access to the internet and digital technologies at all times.

*This Acceptable Use Policy is intended to ensure:*

- that staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that Academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that staff are protected from potential risk in their use of technology in their everyday work.

The school will try to ensure that staff and volunteers will have good access to digital technology to enhance their work, to enhance learning opportunities for *students / pupils* learning and will, in return, expect staff and volunteers to agree to be responsible users.

### *Acceptable Use Policy Agreement*

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. I recognise the value of the use of digital technology for enhancing learning and will ensure that students / pupils receive opportunities to gain from the use of digital technology. I will, where possible, educate the young people in my care in the safe use of digital technology and embed online safety in my work with young people.

#### *For my professional and personal safety:*

- I understand that the Academy will monitor my use of the school digital technology and communications systems.
- I understand that the rules set out in this agreement also apply to use of these technologies (e.g. laptops, email, VLE etc.) out of school, and to the transfer of personal data (digital or paper based) out of school
- I understand that the school digital technology systems are primarily intended for educational purposes. (School business).
- There is a Laptop\Equipment Loan agreement I must sign, when laptops and other equipment are my responsibility in school and at home.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will immediately report any illegal, inappropriate or harmful material or incident, I become aware of, to the appropriate person.
- I will use SIMS to electronically register children at the correct times

#### *I will be professional in my communications and actions when using Academy ICT systems:*

- I will not access, copy, remove or otherwise alter any other user's files, without their express permission.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.

- I will ensure that when I take and / or publish images of others I will do so with their permission and in accordance with the school's policy on the use of digital / video images. I will not use my personal equipment to record these images, unless I have permission to do so. Where these images are published (eg on the school website / VLE) it will not be possible to identify by name, or other personal information, those who are featured. Check the parental permissions.
- I will only use the school social networking sites, to promote news and events.
- I will only communicate with students / pupils and parents / carers using official school systems. Any such communication will be professional in tone and manner.
- I will not engage in any on-line activity that may compromise my professional responsibilities.

*The Trust has the responsibility to provide safe and secure access to technologies and ensure the smooth running of the Academy:*

- When I use my mobile devices (laptops / tablets / mobile phones / USB devices etc) in school, I will follow the rules set out in this agreement, in the same way as if I was using Academy equipment. I will also follow any additional rules set by the Academy about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses. The school "Guest" wifi, where available, provides a filtered internet connection and has no access to the network.
- I will not use personal email addresses for school business use.
- I will not open any hyperlinks in emails or any attachments to emails, unless the source is known and trusted, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will ensure that my data is regularly backed up, in accordance with relevant Academy policies.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others. I will not try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.

- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not install or attempt to install programmes of any type on a machine, or store programmes on a computer, nor will I try to alter computer settings. (Unless I have "administrator" permissions on my user account for a particular reason.)
- I will not disable or cause any damage to Academy equipment, or the equipment belonging to others.
- I will only transport, hold, disclose or share personal information about myself or others, as outlined in the Academy Data Policy. Where digital personal data is transferred outside the secure local network, it must be encrypted. Paper based Protected and Restricted data must be held in lockable storage.
- I understand that data protection policy requires that any staff or student / pupil data to which I have access, will be kept private and confidential, except when it is deemed necessary that I am required by law or by Academy policy to disclose such information to an appropriate authority.
- I will immediately report any damage or faults involving equipment or software, however this may have happened through Parago.

*When using the internet in my professional capacity or for school sanctioned personal use:*

- I will ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download or distribute copies (including music and videos).

*I understand that I am responsible for my actions in and out of the Academy:*

- I understand that this Acceptable Use Policy applies not only to my work and use of Academy digital technology equipment in school, but also applies to my use of Academy systems and equipment off the premises and my use of personal equipment on the premises or in situations related to my employment by the Academy
- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I could be subject to disciplinary action. This could include, a warning, a

suspension, referral to Governors \ Trustees and in the event of illegal activities the involvement of the police.

I have read and understand the above and agree to use the school digital technology systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.
